## CAREER OBJECTIVE

A passionate and driven engineering student seeking opportunities to apply technical knowledge and problem-solving skills in a real-world setting, while continuously learning and growing in a personal and professional environment and also aiming to leverage technical knowledge and teamwork skills in a challenging and growth-oriented environment.

## PROFESSIONAL EXPERIENCE

### Smart Interviews, Trainee

03/2025 – 01/2026

- Currently pursuing structured DSA training via the Smart Interviews curriculum, Solved 350+ problems using Java and Python and secured a global rank of 1967/51031.
- Built strong foundations in complexity optimization, edge case handling, and efficient algorithm design.

### EduSkills, Google AI/ML Virtual Internship

06/2025 – 09/2025

- Completed the Google-supported AI/ML Virtual Internship organized by EduSkills and AICTE, gaining practical exposure to Artificial Intelligence and Machine Learning concepts.

## EDUCATION

### Intermediate-MPC, Narayana

2021 – 2023

- Percentage: 95%

Vijayawada, India

### Secondary Education, V.S. St. John's Higher Secondary School

2009 – 2021

- Percentage: 80.2%

Gannavaram, India

### Bachelor of Technology in Computer Science Engineering (Data Science),

Prasad V. Potluri Siddhartha Institute of Technology, JNTU-K

Expected 2027

- CGPA:8.04

Vijayawada, India

## PROJECTS

### Conference Coding Ticket Generator, Tech Stack: HTML, CSS, JavaScript, GitHub Pages

- Built and deployed a responsive portfolio website to showcase projects, skills, and achievements.
- Hosted on GitHub Pages with version control using Git.

### Green Campus, Tech Stack: HTML, CSS, JavaScript, Node.js, Express.js, MongoDB

- Developed a web application to promote sustainable practices on campus, featuring user Login, issue reporting, and an eco-points system to encourage green activities.

### Travel ChatBot, Tech Stack: Next.js, TypeScript, Node.js, REST APIs, Tailwind CSS

- Developed a conversational chatbot that assists users with travel planning, destination discovery.
- Ensured scalability and optimized API calls for performance and low latency.

## TECHNICAL SKILLS

**Languages** — C, Java, Python, HTML, CSS, JavaScript.

**CORE** — Data Structures & Algorithms, Object-Oriented Programming, DBMS, Operating System.

**Databases** — MySQL, MongoDB, Firebase, PostgreSQL.

**Developer Tools** — Git, GitHub, VS Code, Jupyter, Excel.

## ACHIEVEMENTS & CERTIFICATIONS

- Completed the Quantum Fundamentals Program (2025–2026) conducted jointly by Amaravati Quantum Valley, Qubitech, and WISER, equivalent to 1 academic credit.
- Successfully completed Python Training conducted by IIT Bombay through Spoken Tutorial with a score of 95%.
- Successfully completed Java Training conducted by IIT Bombay through Spoken Tutorial with a score of 87.5%.
- Completed a DBMS Certification from Infosys.
- R Programming Language Certification from NPTEL with a Grade B.
- Successfully completed a 10-week Data Science Master Virtual Internship supported by AICTE, EduSkills, and Altair.
- Secured 1st Place in the SITAR 2K26 Coding Contest organized by the Department of Artificial Intelligence and Data Science at Prasad V. Potluri Siddhartha Institute of Technology.
- Secured 3rd Place in Football at the JNTU-K Tournament along with my Prasad V. Potluri Siddhartha Institute of Technology team.
